The caviar extract ingredient enables the gentle but deep cleansing of the skin from impurities without destroying the natural sebum layer and without leaving the skin feeling dry.

The gel rapidly lathers into a rich foaming cleanser and rinses easily – ideal for modern people living with high work pressure and city pollution as a daily skin care product.

**USE THIS**  
Margrete Gotye

Margrete Gaultier is writing the modern day legend of "Fountain of Youth". Over and above the natural course of ageing, it's the pollution and daily stress that puts pressure on our skin. Margrete Gotye, is a European herbal skin care brand, brings together over 40 ancient beauty formulas that have been found in the exploration records of Spanish explorer Juan Ponce de Leon.

The brand combines the ancient ways of extraction and preservation of natural herbal ingredients with modern cosmetic technologies to make skin care products that suits the modern skin issues that we face. The brand works closely with several medicinal botanical gardens in Europe, in return, providing funds to support these gardens' plant research to aid their plant protection. It's like caviar for your skin. What better time to start than Christmas party season.

## BEAUTIFUL YOU *This Autumn*

By Sarah-Jane Outten

**REGULAR READERS WILL KNOW me from my column featuring local businesses and charities. So, you will understand that my passion for writing is nothing new. However, you may not know that I am also a qualified makeup artist with a love for all things beauty related.**

Regular readers will know me from my column featuring local businesses and charities. So, you will understand that my passion for writing is nothing new. However, you may not know that I am also a qualified makeup artist with a love for all things beauty related.

Welcome to the October edition of The Beauty Edit. There is a definite feel of autumn in the air, and I for one am glad! I love the chilly fresh mornings and the arrival of cosy nights in. I like to make the most of the longer evenings with some good old pampering.

It might be the case that some of you don't have a bath or don't have the time to lay back and enjoy the

smelling divine from the essential oils. The Aura bath ball was my favourite, sink in and enjoy!

Next - the Moon Dust bath crumble. It's fair to say that I wasn't familiar with 'bath crumble', but in many ways it reminded me of pouring bath salts into the bath as a child. As I recall, the salts melted, turning the water a blue colour and dried out the skin. So, I was dubious when it came to using the Moon Dust bath crumble, but I needn't have been. You pour in as much of the mix as you like, breaking up the lumps of crumble as you go. An array of colour dispenses throughout the water, leaving it feeling soft and smelling glorious. My skin was left feeling smooth and revitalised, so I will be returning to this product on a regular basis.

Obviously, for most of us that means long luxurious baths with a good book. And I have some product recommendations that are perfect for the job. Not only are the products great, they are also made by a local Welsh company. Furthermore, there is even better news - this local brand is vegan and cruelty free. I know that more and more of us are turning to ethical products to spend our hard-earned money on and Miss Patisserie fits the bill perfectly.

Over the last month I have tried a few of the products available and I haven't been disappointed. First up, the bath balls, made with natural, superfood ingredients such as matcha, turmeric, coconut milk and sea salt. These little gems fizz and foam their merry way around the bath water until they are totally melted away. This leaves the water

products I've already mentioned. Don't fret, Miss Patisserie has thought of you too with a product I haven't seen before - The De-Stress Shower Steamer. This is a genius way to enjoy the full aromatherapy experience whilst in the shower. You simply place half of the steamer on the shower floor (don't worry, it's not slippery), and as the warm water hits the steamer it emits aromatherapy oils that fill the room. The smell of juniper berry is simply gorgeous. As you breathe in the scent it relieves stress and encourages the mind to focus...amazing! The De-Stress Steamers are on my Christmas shopping list, they will make a great little secret Santa gift or stocking filler.

You can find the full range of products here: [www.miss-patisserie.com](http://www.miss-patisserie.com). Have a good month everyone.

**BECCO - GOOD, CLEAN, FUN**  
Introducing the new BECCO products (pictured right): a vegan, eco-foaming hand wash, and a 87% organic, vegan, bipla-milled bar soap in three plant-friendly and eco-certified fragrances: Honey Blossom, Spring Meadow and Wild Berries. Each bottle of foaming hand wash lasts 2.5 times longer than a liquid hand wash, meaning less plastic waste. The organic bar soap is also made with ingredients that have not been produced with herbicides, chemical fertilisers, or pesticides. Gamille Marous-Dew, co-founder of The Soap Co., said: "BECCO stands for Better Considered... Every single sale provides real work and training for visually impaired, disabled or disadvantaged staff... we launched BECCO to empower people across the UK, to not just challenge the status quo but to change it for the better."

Summer may be over but you can still have that natural glow with Light Tanning Drops. To slowly build a natural, sunkissed look, mix the bits of Paradise tanning drops with your daily moisturiser and reclaim your summer skin from the autumn chill.

**BOBBI BROWN CAMO LUXE:** In this new compact you'll find the Camo Luxe Eye and Cheek Palette, a collection of earthy eye shadows ranging from velvety matte to sparkle-infused, along with a warming highlighting powder. Cool nail polish hues and richly pigmented lip colours round out this gorgeous autumnal set.

**Boots Expert Anti Ageing SkinCare** with Coenzyme Q10 - out now! Reduces the appearance of wrinkles and fine lines.

**MARGRETE GOTYE, Eye Glue** cream re-ignites youth to eyes, a balancing anti-aging eye treatment to enhance your beauty and brightness just like glue sticking everything back together! Avocado Extract forms a natural protective film on the skin's surface and provides gentle skin repair, while Marine Algae Extract offers a quick burst of hydration and boosts skin metabolism and promotes collagen regeneration, and Peptide relaxes the eye skin and raises the level of rejuvenation, uplifting with a smooth touch.

**SNAPSHOT SKINCARE**  
Keep your skin looking and feeling hydrated this cold winter season

**FOR EYES**  
Margrete Gotye Eye Glue (£39.95)

**FOR FACE**  
C88 Face Cheek Moisturising Cream (£25.00)

**FOR NIGHT**  
Range N3 Night Mask (£40.00)

**TO CLEANSE**  
Jade Gemstone Nourishing Cleanser (£25.00)

**MASJARA HAYATI**  
To-Matiline Lash Serum (£14.99)  
To-Auracine mascara (Black) Lash So Extra Mascara (£7.99)  
To-Romex Eyeliner - New (Black) (£8.99)

**MELANIN MAKE-UP**  
Zeno Beauty was founded to be a simple lifehack - to help women of colour find the right foundation. The company were so excited about this that they developed an online app to scan women's skin tones and send free sample packs for customers to experiment at home. Also available is an eyeshadow palette and matte and metallic lipsticks. All products are cruelty, paraben and talc-free and the brand supports Women with Wateraid.

**ROCK N' ROLL**  
Face oil has long been praised for their beauty benefits, which can protect skin's moisture, reduce the risk of wrinkles, improve skin's texture and reduce redness. The Rock N' Roll Face Oil (£25.00) has a cast of natural oils like the Jojoba, rosehip, from the Maracuja, and Argan oils, which contain a complex blend of vitamins and antioxidants. It's a perfect choice for those with dry skin, or those who want to keep their skin hydrated and glowing.

**SECRET FORMULA**  
Sephalo to shades F1, F2, F3 and F4. The newest additions to the C88 Cosmetics (Skincare Liquid Foundation) range (£12.00). These liquid shades are balanced with more yellow/gold and brown pigments which allows the foundation to bring out the most natural tones on the skin. We love!

**SAVE FACE ACCREDITATION**  
 Carleton Aesthetics has been independently assessed against a set of robust standards to gain Face accreditation. The accreditation assesses clients that they are in expert hands when it comes to obtaining a non-surgical procedure from a qualified practitioner in a safe, clean clinical environment. Carleton Aesthetics is an endorsed accreditation of practitioners who provide non-surgical cosmetic treatments for the face and body. This means that the Carleton clinic is on a register which is accredited by the Professional Standards Authority and is recognised by the government, the Department of Health, NHS England and the Care Quality Commission.

**AESTHETIC AWARDS FINALIST**  
 Norwich Clinic near Hampton Road has been selected as a finalist in the prestigious Aesthetics Awards 2018. Managing Director Jan Carter (BSc) has been recognised as Aesthetics Nurse Practitioner of the Year.
