自2008年金融危机爆发以来，全球房地产市场经历了前所未有的动荡。然而，海外买家却开始重新审视，特别是在美国市场开放之后，美国市场的大门，再次向全球投资者敞开。此时，美场的下跌是危机还是机遇呢？

从数据来看，伦敦作为全球金融和商业中心的根本性优势不会因脱欧而改变。相反，脱欧将更利于全球企业投资伦敦。2015-16年，在伦敦的中国公司的新增投资增长了67%，在英国脱欧公投后6个月内，中英两达二十多笔重大交易。

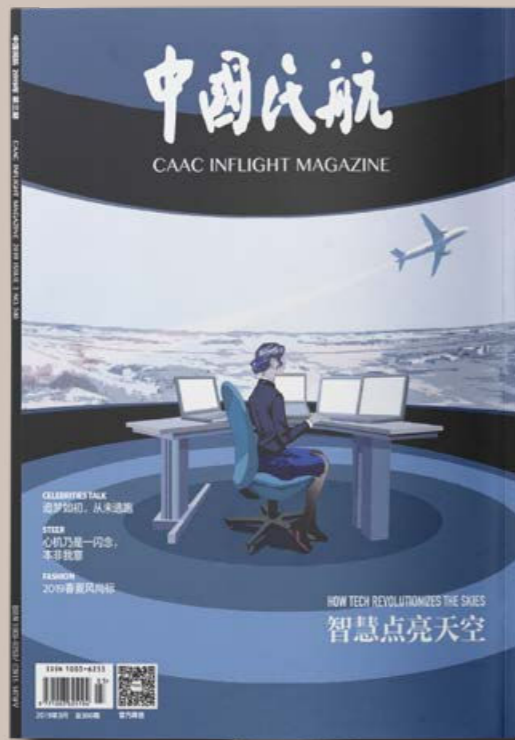

今年以来深圳金融大厦项目出手：1月23日英商集团斥资2.6亿购买伦敦牛津街Anson大厦；1月30日收购斥资2.5亿购买伦敦曼彻斯特公园7-8号。其后在2月19日收购意大利曼彻斯特曼彻斯特中心的Midway House；7月底，渣打银行斥资12.8亿收购伦敦地标性建筑“对讲机大厦”，也是大家熟悉的Sky Garden所在的那栋大厦；近期又通过李嘉诚出售内地以及香港物业，以407亿港元的价格出售香港中环中心77%的收益，同时以18亿英镑收购了英国能源公司Cory Riverside Energy。至此，李嘉诚已经离开英国各个基础设施的所有权。

由此可见，对于海外买家而言，投资美国最好的时光已经到来，这次加息后的英镑下跌无疑是一次“双十一”特卖。未来一两年将是美国分拆收购的黄金时期，脱欧完成以前，英镑位于低位，投资时机也较长。随着脱欧完成，经济恢复，必将迎来新一轮的升值热潮。如今美国房地产市场正步入火热的快车道，以伦敦为代表的热点城市，正在领涨全美房价，现在投资美国房产是一个非常恰当的时刻。

蓝沙置业作为英国蓝筹跨国地产集团的成员，拥有强大的内生金融基因，凭借强大的股东和业内资深合伙人团队，蓝沙拥有横跨中国多个城市的房地产投资、运营、管理和高端生活大社区的专业团队，在业界独树一帜。

致敬电影梦

文/Rose 图/Taj

每个人心中或许都有一个电影梦。无论屏幕上那些经典的老电影还是有着无数精彩和人生故事的导演、剧组，都给了影迷们无尽的遐想与感慨。

印度炙手可热的设计师 Subyash Mahesh 首次操刀室内设计，为英国伦敦 Taj 酒店量身打造的主题套房，就像一部穿越现实与梦境的时空穿梭机，将人们

传递至梦想中的电影世界。

在 Mahesh 看来，“影院”是一个人在世界不同文化之间穿梭旅行的地方。他从小就喜欢在电影的梦幻世界中，探索世界的边缘。从希区柯克到玛丽莲·梦露，Mahesh 以 20 世纪 40-60 年代的好莱坞和印度电影为灵感，打造了一个让这些充满惊喜的梦想家园。

被誉为“好莱坞设计师”的 Mahesh

灵感，印度著名电影人阿米尔·汗、妮可·基德曼和他们的经典电影都成了 Mahesh 在各个角度的灵感来源。从好莱坞到印度，从经典到现代，Mahesh 的灵感无处不在。他不仅是一个才华横溢的设计师，更是一个对电影有着深厚理解和热爱的人。他通过自己的设计，将电影中的经典元素融入到了现实生活中，让人们在现实生活中也能感受到电影的魅力。

福特·科波拉，“用摄影机窥探人类灵魂”的英格玛·伯格曼。他们引人入胜的作品让这间小巧的套房非常适合独处与写作：明黄色的套房以电影《蓝色珊瑚礁》为蓝本；85 英寸 3D 等离子电视、顶级音响效果系统以及超过 300 部经典影片，让这里从旅行套房独一无二的私人电影放映室——无论是真皮沙发、实木餐桌、古董地

毯、真丝窗帘、名贵瓷器还是不同主题的装饰都如同独立艺术品般耐人寻味。在曾为白金汉宫一部分的古历史建筑中，Mahesh 实现了他对于英伦和印度风格两种奢华生活方式的完美融合与诠释。作为近年来备受印度皇室与富豪青睐的设计师，Mahesh 拥有自己的设计品牌。

自 2005 年起，他开始为印度宝莱坞设计电影服装，并获得了“印度国家电影最佳造型设计”大奖，也帮助了 Samantha Akkineni 等家喻户晓的宝莱坞女星红毯礼服的设计工作。如今，他是印度国家电影博物馆最年轻的董事会成员之一，这间美轮美奂的影院套房设计，就来自于宝莱坞电影 100 周年之际。

## BEAUTIFUL YOU *This Autumn*

By Sarah-Jane Outten

**REGULAR READERS WILL KNOW me from my column featuring local businesses and charities. So, you will understand that my passion for writing is nothing new. However, you may not know that I am also a qualified makeup artist with a love for all things beauty related.**

**WELCOME TO THE OCTOBER EDITION OF THE BEAUTY EDIT.** There is a definite feel of autumn in the air, and I for one am glad! I love the chilly fresh mornings and the arrival of cosy nights in. I like to make the most of the longer evenings with some good old pampering.

**IT MIGHT BE THE CASE THAT SOME OF YOU DON'T HAVE A bath or don't have the time to lay back and enjoy the**

**smelling divine from the essential oils. The Aura bath ball was my favourite, sink in and enjoy!**

**Next - the Moon Dust bath crumble. It's fair to say that I wasn't familiar with 'bath crumble', but in many ways it reminded me of pouring bath salts into the bath as a child. As I recall, the salts melted, turning the water a blue colour and dried out the skin. So, I was dubious when it came to using the Moon Dust bath crumble, but I needn't have been. You pour in as much of the mix as you like, breaking up the lumps of crumble as you go. An array of colour dispenses throughout the water, leaving it feeling soft and smelling glorious. My skin was left feeling smooth and revitalised, so I will be returning to this product on a regular basis.**

**Obviously, for most of us that means long luxurious baths with a good book. And I have some product recommendations that are perfect for the job. Not only are the products great, they are also made by a local Welsh company. Furthermore, there is even better news - this local brand is vegan and cruelty free. I know that more and more of us are turning to ethical products to spend our hard-earned money on and Miss Patisserie fits the bill perfectly.**

**Over the last month I have tried a few of the products available and I haven't been disappointed. First up, the bath balls, made with natural, superfood ingredients such as matcha, turmeric, coconut milk and sea salt. These little gems fizz and foam their merry way around the bath water until they are totally melted away. This leaves the water**

**products I've already mentioned. Don't fret, Miss Patisserie has thought of you too with a product I haven't seen before - The De-Stress Shower Steamer. This is a local Welsh company. Furthermore, there is even better news - this local brand is vegan and cruelty free. I know that more and more of us are turning to ethical products to spend our hard-earned money on and Miss Patisserie fits the bill perfectly.**

**The smell of juniper berry is simply gorgeous. As you breathe in the scent it relieves stress and encourages the mind to focus...amazing! The De-Stress Steamers are on my Christmas shopping list, they will make a great little secret Santa gift or stocking filler.**

**You can find the full range of products here: www.misspatisserie.com. Have a good month everyone.**

**BECCO - GOOD, CLEAN, FUN**  
Introducing the new BECCO products (pictured right): a vegan, eco-foaming hand wash, and a 87% organic, vegan, bipla-milled bar soap in three planet-friendly and eco-certified fragrances: Honey Blossom, Spring Meadow and Wild Berries. Each bottle of foaming hand wash lasts 2.5 times longer than a liquid hand wash, meaning less plastic waste. The organic bar soap is also made with ingredients that have not been produced with herbicides, chemical fertilisers, or pesticides. Gamille Marous-Dew, co-founder of The Soap Co., said: "BECCO stands for Better Considered... Every single sale provides real work and training for visually impaired, disabled or disadvantaged staff... we launched BECCO to empower people across the UK to not just challenge the status quo but to change it for the better."

**ISLE OF PARADISE**  
Summer may be over but you can still have that natural glow with Light Tanning Drops. To slowly build a natural, sun-kissed look, mix the Isle of Paradise tanning drops with your daily moisturiser and reclaim your summer skin from the autumn chill.

**BOBBI BROWN CAMO LUXE**  
In this new compact you'll find the Camo Luxe Eye and Cheek Palette, a collection of earthy eye shadows ranging from velvety matte to sparkle-infused, along with a warming highlighting powder. Cool red polka-hued and richly pigmented lip colours round out this gorgeous autumnal set.

bio-beauty

Through a combination of ancient beauty formulations enhanced by modern cosmetic technologies, the brand offers to meet the higher demand for skin care and today's environmental pollution and high pressure, and cares for clients wishing to maintain a youthful appearance.

It all began with Juan Ponce de León, the renowned Spanish explorer of the Renaissance, who heard the tale of the "Fountain of Youth" capable of providing life, from the local Indians on Christopher Columbus' second voyage to the New World. He later set off in search of the miraculous water around half of the globe upon receiving leading hints from the Spanish Crown.

Although his search was in vain, Margrete Gotye has encapsulated more than 400 of Juan Ponce de León's ancient beauty formulations and herbs with rejuvenating effects in their soothing skin care La Fontaine de Jeunesse. The eternal dream of staying young forever lives on. The company has not only captured the ancient ways of extraction and preservation of natural herbal ingredients in its luxury products, but it also provides a unique aesthetic and artistic perspective.

A beautifully designed packaging in its own right has many elements working in tandem to represent the brand's usage and communicate its values and market position. The concept design featuring a gentle face evokes vintage European style combined with a modern touch. The minimalist heritage in black and white delivers cosmopolitan feeling.

The range provides the consumer with a wide array of luxury products to suit the various lifestyles and needs. Bright, smooth, and beautiful, Margrete Gotye's expertise will get you there.

**Eye Glue Cream 15g**  
 The Eye Glue Cream is a moisturizing treatment designed to target the first few signs of aging around the delicate eye area such as fine lines, wrinkles, puffiness, dark circles, and dryness. The product with a new standard eye care through a three-dimensional system. Using high-concentration retinol, the first layer forms a natural, protective film that shields the skin from environmental assaults and damage.

The second dimension is formulated with marine algae that aids the skin's metabolism and regulates the production of oil. Algae extracts being a rich source of antioxidants has the ability to boost cellular proliferation, which as a result significantly promotes collagen regeneration. The last layer of powerful peptides is designed to relax the skin and helps to stimulate collagen production and improve eye contour.

The easily absorbable Eye Glue Cream brings a quick burst of hydration, balancing the skin at any time of the day. Encapsulated in a handy tin, it fits just perfectly in the handbag. After a month of collagen use, this triple action product continues to deliver great results and is a bona fide Margrete Gotye skin care item for you. It's a must have of all its one comprehensive anti-aging eye skin care solutions that brings the beauty of youthful brightness and firmness to your orbital bone area just like that!

The 'Glow' series also features Facial Glow, which utilizes the same signature 'to-look' formula.

**Ultra-Hydration Balm No.25 100g**  
 Exclusively developed for those that endure the harsh and hostile of travel at high altitudes, the face balm creates continuous artificial pressure in a plane providing a gentle, gentle and instant moisturization. Such as 'Tubalene', a moisture-binding agent that protects the cell membrane structure in the epidermis and Terminalin extract which has an excellent water holding capacity. No.25 works to seal in moisture when your skin is in a state of SOS.

The body's natural hydration 'Hydration Acid' offers continuous comfort to the dryness caused by planetarium humidity of a mere 10%. To fight free radicals damage and skin aging, Margrete Gotye had to call upon antioxidant, flavonoid and essential oils in *Portulaca Oleracea* extract. Formulated with Chamomile extract known for its skin-soothing and anti-allergic properties, the balm has a cooling effect on the skin - a great pick-me-up product for sensitive skin types.

Whether you're Economy or Business, don't let the pressure and environment in flight dim your golden glow so carry this super hero with you for a First Class SPA Experience! daily you not to become obsessed with this rejuvenating yet light-weight balm. If you wish to look fabulous and live a radiant skin life during long haul flights, then I suggest you add it to your luggage now. Air conditioning do your worst - this one sticky moisturizer can also alleviate the damage caused by the dry office environment that sucks in moisture from our skin - a fun treat to look loved even when you're stressed.

**Overnight Facial Mask No.7 100g**  
 Suitable for daily application with no need to rinse off. No.7 is a full-on overnight facial mask when you fancy a spa session before bedtime. This comprehensive hydrating mask delivers a brightening and firming formula using Technolene to awaken and tone the skin to a vibrant, healthy complexion. Lanolin extracts calm the sebum and soothe irritated skin while antioxidants help to inhibit free radical production and thus protect the cells from damage.

With continued use, the deep hydrating solution regulates the skin's youthful appearance, whilst maintaining its elasticity and delivering moisture. It will leave your skin feeling smooth, refreshed and rebalanced all day long with a light, non-greasy yet still quenching texture. Although Margrete Gotye recommends use to wipe the mask cream with a tissue, I found that the formula absorbs beautifully into the skin.

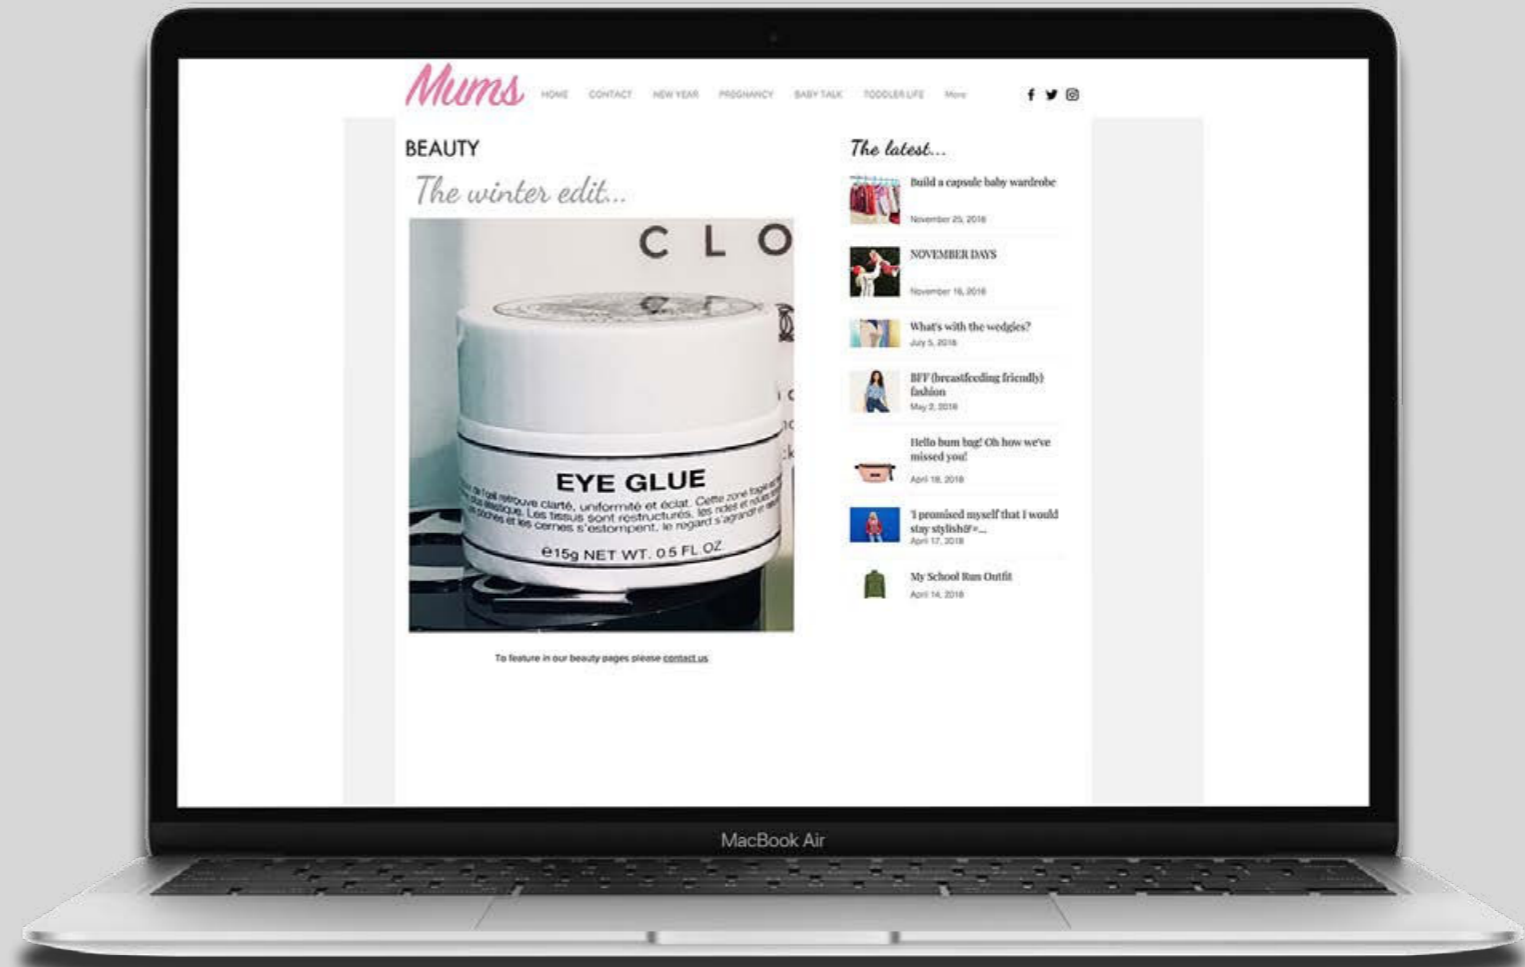

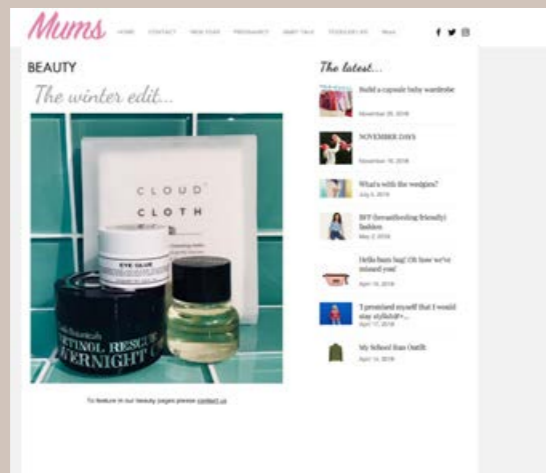

**Collagen Firming Hydration Mask (Bleedy Mary)**  
 Designed as an ideal rescue treatment after starting up or before an important date, the mask is an instant transformer for a red carpet night. You would think red packing was inspired by the colour of a carpet laid for VIPs to walk on but you'd be wrong! The story behind the creation of this simple yet so effective the ancient European aristocrat, blood-thirsty Hungarian Duke's Elizabeth's bathhouse regime, who bathed in blood to retain an eternal beauty and youth.

Thankfully, with the progress of biotechnology you are not required to become a vampire and drink virgin blood to work the magic! Bleedy Mary, specifically designed for dry and sensitive skin types, infuses healing hydration into the skin, revealing radiant skin with an instant lift. Crafted with the best of the best ingredients, including the small molecule called collagen extracted from a deep sea fish in the South of France, and Terminalin extract, Hyaluronin Acid, and Marine Algae extract from Northern Ireland, it works away fine lines and wrinkles, so you can be proud of the skin you're in.

All goodies are infused into a First Fibre Paper Mask made from bio-cellulose that has the ability to attract water, air permeability, hypoallergenic, and instantaneous water solubility properties, hence it is known as 'breathable natural fiber'. The cellulose sheet facial mask has the ability to hold more essence liquid so effectively, feed the skin with brightening nutrients into the dermis instantly locking moisture into your face. Its anti-bacterial properties also help fight allergy and acne problems. Looking for an instant fix? You're more environmental friendly and super glowing skin. I highly recommend you giving this facial mask a shot. Ultimate bright, ultra-hydration and brightening effect will reveal your inner goddess!

Besides the signature products presented, the skin expert Margrete Gotye La Fontaine de Jeunesse also comes with a series of other natural ingredients including cream, moisturizers, masks, cleansers and balms such as *Evocatol* of Youth Brightening Essence, *English English Shell Powder Deep Porehead Dual Cleanse Treatment Massage*, *Ultra-Hydro Hydration Nourish Mask*, *Carve Esthetic Facial Cleanser*, *Ultra-Hydration Serum*, *Ultra-Hydration Cream* and *Rosa Damascena Essence*.
